RESUME

PROFILE

SAP CPI Consultant focused on SAP Cloud Integration and Integration Suite. I design and document integration flows that connect SAP and non-SAP systems, and I also build software side projects in TypeScript, JavaScript, and Python. Full professional history is on LinkedIn.

CORE SKILLS

SAP CPI / Cloud Integration

SAP Integration Suite

iFlows

REST · SOAP · OData

XML · JSON

TypeScript

JavaScript

Python

SELECTED PROJECTS

VibeChain AI

Web3 DApp that connects Eternl (Cardano) and MetaMask wallets for on-chain payments and financial workflows.

StreakHabitEarn

Real-time streak tracking system for daily habits, built with Kiro AI.

LocalCultureGuide

TypeScript application for exploring local culture and guides.

Kiro Fitfin AI

TypeScript project exploring AI-assisted fitness and finance workflows.
